SOME BIG FIGURES

OVER 1-2 MILLION ARTICLES PRODUCED BY R. C. CHAPTER

ANNUAL MEETING TODAY

Officers Are Elected and Heads of Various Departments Are Named. What Nodaway Has Done.

The Nodaway Red Cross, the county's biggest business institution, thru its more than eighty auxiliaries, has made and sent to division headquarters at St. Louis during the year just passed, more than half a million separate articles for war relief and for our soldiers and sailors. Reports of the various officers and heads of departments made at the annual meeting this morning presented some astonishingly large figures of work accomplished. The meeting followed the annual election of eleven members of the executive committee who named the following officers:

G. B. Roseberry, chairman,
C. E. Donlin, vice chairman,
M. J. Alderman, secretary,
A. K. Frank, treasurer.

The new chapter heads made the announcement of selection of heads of the various departments as follows:

Membership, Roy J. Curfman.
Finance, Arch K. Frank,
Extension, G. B. Roseberry.
Publicity, Mrs. A. M. Crooke.
Production, Mrs. Geo. P. Bellows.
Home Service, Geo. Robb Ellison.
Nursing, Mrs. Vilas Martin.
Military Relief, Will Phares.
Conservation, F. S. King.

Following the report of Secretary M. J. Alderman of membership and amount of funds on hands, a most interesting report was given by Mrs. Geo. P. Bellows, director of woman's work, covering the work of the organization from September, 1917. According to her report there has been sent in by the various branches.

Total surgical dressings	480,291
Total garments	54,802
total knitted articles	6,132
Grand total	541,245

In addition six tons of cast off clothing was sent for refugees and a large quantity of linen was sent on special order.

Miss Bettie Turner, executive secretary home service, reported that she had dealt with 552 families. Three hundred seventy-seven families were given actual service and 175 families were given advice only. The canvass of the election shows the following were elected to membership on the executive committee:

G. B. Roseberry, Geo. Robb Ellison, M. J. Alderman, T. A. Corken, Burlington Junction; Wilbur Smith, Pickering; Roy J. Curfman, Maryville; Mrs. M. M. Rhoades, Graham; Z. R. Alexander, Elmo; S. G. Gillam, Maryville; Howard Garrett, Clearmont; Paul Sisson, Maryville.

In addition to the eleven men elected on the executive committee it is provided by the by laws that each chairman of each branch is also a member and the ten chairmen of committees named above.

The executive committee is to meet once each month on the second Thursday at 1:30 p. m.

Mr. Miller is critically ill with influenza and his condition was unimproved today.

WATCH GERMAN PROPAGANDA

Don't Be Quick To Believe Huns Have Reformed, Says a Washington University Professor.

St. Louis, Mo., Nov. 25.—A grave warning against the still existing danger from German propaganda has been issued by Prof. Roland G. Usher of the history department of Washington University in a lecture at the University on the problems of the peace conference and the probable terms given Germany.

"Although the kaiser has gone to Holland," said Prof. Usher, "Hindenburg still is in Berlin. We do not hear of the skilled men of the German military bureau having left. The great German machine of government which has been in existence for 300 years, still is operating. You had better be afraid of German propaganda still. Don't be quick to believe Germany has reformed."

That Germany is desirous of impressing two points on the world, just now, was Prof. Usher's contention.

These two points, he said, were, first: That Germany was too exhausted to be dangerous, and that the Allies need not fear them for at least twenty years; second, that Germany was said to be democratized, that militarism had been abandoned, and that Germany was now a "good faith" neighbor.

"If Germany could succeed in getting the Allies to believe these points, it would be to their advantage," he said. "Do not believe that because the people sit in the Reichstag, Germany has reformed. The power of the German government is in the administrative department, rather than the legislative. They are trying to make believe that the strength of Germany is broken. I do not believe it."

8 PER CENT WERE ILLITERATE

Many American Soldiers Were Unable to Comprehend Military Commands.

New Work, Nov. 25.—With almost 8 per cent of the men called to the colors unable to read or write, war has revealed to the public the wide extent of illiteracy in the country. Dr. Charles Eliot, president emeritus of Harvard university told the league for political education here. In addition to illiterates, the former educator said, many soldiers understood English so little that they were unable to comprehend military orders.

Dr. Eliot declared that prominent educators have drafted a plan for presentation to congress which wil stamp out illiteracy in the United States. He stated that a vigorous effort will be made to bring about federal, state, and municipal action to teach not only uneducated native, but the "fluid foreign population" the language of the country and American methods of government.

Dr. Eliot advocated obligatory physical training under federal control in all schools.

Mrs. Hainey Leaves.

Mrs. N. B. Hainey of Shawnee, Okla. who had been spending several weeks with her son, Dr. H. L. Stinson, left this afternoon for Excelsior Springs, and after spending a couple of weeks there and in Kansas City, she will go on to Shawnee.

No Night Service at St. Mary's.

In our church column Saturday it was printed that St. Mary's Catholic church would hold services at 7 p. m. Sunday evening. This was a mistake as there are no evening services at this time of the year.

Attended Committee Meeting.

S. E. Davis of the Maryville State Normal School, attended a meeting of the new constitution committee of the state teachers association at St. Louis Saturday for the purpose of discussing plans for a campaign for a new constitution in Missouri.

PARK FOR MEMORIAL

CAPT. H. D. SNYDER OFFERS INTERESTING SUGGESTIONS

"THE HUT" IS POPULAR

Mrs. W. J. Montgomery, Regent D. A. R. Chapter Favors Idea Presented by Maryville Ministers.

In a letter to the Democrat-Forum Capt. Harry D. Snyder of the Home Guards offers the suggestion that Maryville secure and dedicate a public park in honor of Nodaway county's soldier boys and their heroic deeds on the field of battle. Capt. Snyder's interesting suggestions follow:

Nov. 23, 1918.

The Democrat-Forum, Maryville, Mo., Dear Sirs:—In answer to your inquiry as to what I think Maryville should do in honor of her homecoming soldiers and sailors and in memory of those who fail to return, I beg leave to make the following suggestions:

1. We should by all means do something. It should be something permanent and something more than a shaft or statue.

It should be something, if possible, which could be used by the community at large, soldiers of other wars, patriotic and civic societies, etc., as well as returning soldiers and sailors and their families.

Maryville has no park except the Normal park and it is private property. Why not have a park and dedicate it to the boys? Have an appropriate arch or gateway with the name of the park thereon.

Have a tablet just inside with the names of those who have made the supreme sacrifice. Have a flag pole, a cannon, and a shelter house in which could be placed an exhibit of war relics or even other curios.

2. Several names might be appropriate. Professor Hawkins suggests the name "Memorial Park" or "Soldiers and Sailors Memorial Park." Miss Helen Ford suggests the name "Liberty Park."

3. The location would of course depend upon the size of the tract and the amount of money available. Some thing within walking distance would be of course be better, but if a large tract this might be impossible. Several tracts of from 5 to 15 acres rather close it would seem to be available.

4. The fund could be raised by subscription with the assistance of the several patriotic and civic societies, schools, churches, etc. The park could then be dedicated and turned over to the city with the provision for its improvement and upkeep by bond issue or park tax.

Whatever is determined upon for a memorial or a celebration in honor of the boys, you can depend upon the Maryville company of the Missouri Home Guard, to do our part.

Very truly,
H. D. SNYDER

The idea of "The Hut," as suggested by the ministers of the city, meets approval from Mrs. W. J. Montgomery, regent of the Maryville Chapter, D. A. R., who writes as follows:

Maryville Democrat-Forum: You ask for my ideas concerning a fitting memorial for our soldiers who are returning, triumphant; and also for those soldiers who have "gone west" never to return.

I want to say that I heartily approve of the suggestions given by the ministers of Maryville. Surely there could be no more fitting name for such an institution or building than "The Hut."

As to just how the money should and could be raised would have to be worked out later, but I'm sure that whatever Maryville decides to do that the Maryville Chapter, Daughters of the American Revolution will be a group of enthusiastic workers.

CLOSE UP THE WORK

DRAFT BOARD BUSINESS TO BE FINISHED BY DECEMBER 10

CLASSIFY MEN 19 TO 36

Records Are To Be Sealed and Only on Special Permit Will They Be Accessible.

In view of the armistice, and the consequent temporary abatement of the immediate urgency of complete classification of registrants, the local draft board is ordered to complete the principal work in the offices with a view to closing up work by Dec. 10.

All registrants between the ages of 19 and 36 must be completely classified. The 18-year-old registrants will be classified with the exception of physical examination, which was discontinued several days ago. All of this work is expected to be finished by Nov. 30, at which time the annual report should be finished. After Dec. 9, no classifications will be made, and any registrant, who has failed to return his questionnaire by that time will be classed as a deserter.

On Dec. 10, the chairman of each board is instructed to seal all records in the cases in which they are filed, and they will be treated in the future as public records of the United States government.

Advising that draft records be sealed the order states:

"After the receipt of this order no access shall be given to records on the part of any person whatsoever, not a member of the board or a member of the clerical force specifically authorized thereto by the board, and no information concerning them shall be given out except upon the written instructions of the governor, or of the provost marshal general's office.

"A scrupulous observance of the following rules is essential in order that the local board shall be protected against the importunities of registrants and against serious charges to which any other course would lend color and might give substance. * *

"The proper and just administration of the War Risk Insurance and of future pension laws of the country will, in many cases, depend almost exclusively upon data contained in these records which will likewise have a vital relationship to charges of desertion and delinquency involving the honor of thousands of registrants. In addition to the foregoing, it is from these records that the history of this war must in good part be compiled, and from them who must come information of vast value as to man power in case of any future war. For these reasons it is a matter of the highest patriotic duty on the part of the whole board from which no board member can escape, to see to it that these records are kept absolutely true and intact."

Hunt up Remaining Fleet.

London, Nov. 25.—A flotilla of British mine sweepers left the Firth of Forth this morning for Kiel to open up a passage for one battleship and a squadron of destroyers which will soon be dispatched to the German people to see that the remainder of the German fleet is disarmed and interned according to the terms of the armistice. American, French and Italian admirals will accompany Vice-Admiral Browning who will command the British squadron.

THE BAN OFF TODAY

"FLU" CONDITIONS ARE REPORTED GREATLY IMPROVED

BUSINESS AS USUAL, NOW

Merchants Getting Ready For Biggest Holiday Business.—Picture Shows Open Tonight.

With the lifting of the influenza ban at midnight Saturday night Maryville goes back today to its normal manner of doing business. With everything open but the public schools, which have decided to wait another week, business of all kinds will observe the same hours as formerly. From now on the efforts of the city health department and physicians will be devoted to a strict quarantine on all individual cases of influenza and it is believed it will not be necessary to again make restrictions as regards business houses, schools and churches and other places of gathering. Dr. F. M. Ryan city physician, states that conditions are greatly improved over last week and that but few new cases have been reported.

With but one exception all the churches had good congregations yesterday morning, and few remained away on account of the influenza. At the First M. E. Church, Janitor G. H. Hartman was suddenly attacked with sickness—not influenza—at the opening of Sunday school and no church service was attempted. No night service was held at any of the churches.

Merchants were smiling this morning and began at once to get ready for a big holiday business. The epidemic has been hard on all lines, as with people avoiding crowds, purchases were limited to necessities.

At both St. Patrick's and St. Mary's Catholic schools this morning the attendance was larger than was expected and before the week all classes are expected to be filled as usual.

The Normal will reopen in the morning, many of the students having returned from their homes yesterday and today. President Richardson has not as yet announced what plan, if any, will be followed, in making up the time lost.

TRIED TO BURN SCHOOL HOUSE

A School Boy's Hatred of School Believed to Have Been Responsible For Attempt at Arson.

The dislike of a school boy for books and school houses is believed to have been responsible for an attempt to burn the school at Conception Junction at about 7 o'clock last night, when a blaze discovered at the building was extinguished by John Minteer, a railway fireman who lived nearby. Minteer, who happened to be out in his yard saw a boy about fifteen years of age strike a match and throw it down in some kindling under the steps of the school house and in a few seconds the woodwork was afire. Minteer discovered that oil had been used liberally in an attempt to get quick action and a search was at once started for the culprit and there was excitement for awhile, but the hunt was fruitless. A small amount of damage was done to the school building.

NEW HUN REGIME OUSTED

GERMAN RADICALS HAVE OVERTHROWN REPUBLICAN GOVERNMENT AT BERLIN

ALL IN A TURMOIL

WITH BLOODY FIGHTING IN HUN CAPITAL, SITUATION IS HIGHLY CRITICAL, IS LEARNED

TO EXTEND ARMISTICE

INTERNATIONAL SITUATION WILL RESULT IN DELAY OF INITIAL SESSIONS OF CONFERENCE

JOIN RUSSIAN BOLSHEVIKI?

Washington Fears a Combination of Anarchistic Factions Which Would Make New Peace Program Necessary.

London, Nov. 25.—German radicals, led by Karl Liebnecht, have overthrown the republican government at Berlin headed by Chancellor Ebert, according to advices from Berne and Copenhagen to the Sketch today. Turmoil prevailed in the German capital the dispatches said. The followers of Liebnecht are known as the Spartacus group and are in sympathy with the Russian Bolsheviki. The Spartacus group is in complete control at Dusseldorf, Sologen and Remscheid where they have arrested the city officials and taken charge of the management of affairs. It was stated in a dispatch to the Daily Mail that there had been bloody fighting in Berlin.

The Copenhagen correspondent to the Daily News wires that the central government at Berlin had called many troops to the city and that the downtown buildings are packed with soldiers. The German international situation is highly critical and a military coup d'etat is almost certain unless the returning troops vigorously support the Berlin government, said a Munich dispatch to the Daily News. The Rotterdam correspondent of the Daily News quotes the German war and food department as saying that the food situation is satisfactory. The belief is expressed, adds the correspondent, that General Barth and Germans politicians exaggerated the peril in order to obtain an easy and speedy peace.

Washington, Nov. 25.—Extension of the armistice between Germany and the United States and Entente nations until February 1 will be announced. This action is necessary, inasmuch as it now appears certain that the initital sessions of the peace conference will be delayed. The German international situation today is being watched with increasing concern by officials here. It seems to present all the elements that have brought Russia into its present complete state of an-

To Avoid and Relieve Influenza

By DR. FRANKLIN DUANE.

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save you rstrength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physics as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of Anuric Tablets every four hours, followed by drinking at least a glass or two or hot water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron-tonic tablet called "Ironic" or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations. THOUGHT ALL HOPE WAS GONE SHE SAYS

Mrs. Sandidge Was Told She Could not Recover—Takes Tanlac and Is Now Well and Hearty She Says.

"I gained twenty-one pounds on three bottles of Tanlac and it has done me so much good that I have been well and hearty ever since," said Mrs. O. F. Sandidge, of Adair, Oklahoma.

"Before I started taking Tanlac," she continued, "I had been sick for over a year with a serious stomach trouble and other disorders that were dragging me down every day. I kept getting worse until I had given up and taken to my bed where I lay almost helpless for several months. I was examined by specialists three times, but they could give me no hope and I had begun to fear that I would never recover.

"One day I read of a case like mine that had been relieved by Tanlac and I decided to try it. I had to send forty miles for my first bottle and in a few days after I started taking it I began to eat better, sleep better and feel stronger. I am now entirely over my stomach trouble and those other complaints that worried me so much, I have gained twenty-one pounds and a mstrong enough to do all my housework and not feel it at all.

Tanlac is sold in Maryville by the Koch Pharmacy and A. M. Colly, Conception Junction. Adv.

No Books Will Be Issued.

Patrons of the public library will be permitted the use of the reading rooms this week but no books will be issued to be taken home. The rule will be in effect for this week only and is made for the purpose of minimizing the danger from the spread of influenza germs.

Accepting as true the reports that the radicals under Liebnecht have gained control of the government, it was pointed out today that an understanding between the two German control and the Lenine-Trotsky domination at Petrograd, was almost certain. That this would mean very serious complications in efforts to arrange a permanent peace, was the general opinion of officials here. It has been found absolutely impossible to do any business with Russian Bolsheviki and should they be able to combine with the German Reds, the United States and the Allied powers undoubtedly would have to arrange a complete new program.

London, Nov. 25.—The whole control of Germany now is in the hands of the Berlin workmens and soldiers council and a proclamation to that effect has been issued. Latest reports from Germany indicate that the international situation there has reached a critical stage. The proclamation states that the council at Berlin will provisionally govern Germany in order to suppress all counter revolutionary attempts.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or $1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

CANDY AND SOCKS FOR PERSHING

The General's Little Son Has Sent His Daddy's Christmas Present.

Lincoln, Neb., Nov. 25. — Warren Pershing, little son of Gen. John J. Pershing, commander in chief of the American Forces in France, took into consideration the average soldier's penchant for sweets when he sent his father's Christmas presents this season. The general's Christmas box, which has gone forward from the boy's home here in Lincoln to New York for shipment to Europe, contained a layer of chocolates, a layer of candied fruit, a knife, three line handkerchiefs and a pair of silk socks.

Red Cross News From Nodaway Auxiliaries

MRS ARTHUR M. CROOKE
Phone, Hanamo 4364

(Note:—Please report or send all news of Red Cross Activities to the editor of this column)

The last meeting of the trustees of the chapter was held at the headquarters room 117 West Third street, at 10 o'clock this morning. G. B. Roseberry, chairman of the chapter, made a report regarding the work accomplished by the chapter during his term of office. A report was made by the secretary covering his work from March 15, 1918 to November 1, 1918. A report was also made by Mrs. George P. Bellows, director of women's work for the county setting forth the amount of work that has been accomplished by the women of the county during the last year. Miss Betty Turner, executive secretary of the home service section, gave a report covering the dork done by this section of the Red Cross activities.

The votes cast during the last election for executive committeemen were officially counted, the ballots showing that the following men were elected:

G. B. Roseberry, Maryville,
G. R. Ellison, Maryville,
M. J. Alderman, Maryville,
T. A. Corken, Burlington Junction,
Roy J. Curfman, Maryville,
Wilbur Smith, Pickering,
Z. R. Alexander, Elmo,
Mrs. M. M. Rhoades, Graham,
S. G. Gillam, Maryville,
Howard Garrett, Clearmont,
Paul Sisson, Maryville.

A new set of by-laws will have to be adopted and following this will come the election of the new officers for the coming year. This committee will have to also appoint the heads of nine departments.

Orders are being received every few days and we will have enough for the entire organization to do. Do not give up but CARRY ON.

The division office has allotted this chapter just 100 desk calenders. This is a Christmas Red Cross calender and the allotment is so small that we do not feel that we can divide this among our branches. This is a beautiful calender and makes an ideal Christmas gift for a man. There is a profit in it for the branches. It sells for $1. It is handsomely bound in dark blue leatherette with an inlaid Red Cross on a white background. Packed in individual boxes. Any parties or branches wishing one or more of the calenders will please file their order with the chapter and the orders will be filled in the order received.

The division has notified us that they do not have any further need for nut shells. We regret that we were so hampered by the flu that we were not able to make a single shipment on this order. All auxiliaries that have good nuts on hand should sell these and turn their money in to the branch. If you do not have any saleable nuts you will have to burn the shells that you have on hand. We cannot send any more tinfoil in to the division but we understand that there is always a market for this and if the auxiliaries will turn this in to the branches and the branches in turn send this to the chapter we will try and secure a sale for this tinfoil. It will be easier to dispose of a large quantity of this and the chapter will prorate this back to the branches by deducting this for the overhead expenes.

In certain parts of the county unrest is expressed for fear that the work of the Red Cross is at an end. To offset this we are listing herewith the production orders that the chapter now has on hand.

First comes the finishing up of all of the cut surgical dressing material now on hand. This relates to the order that we had for 18x23 paper backed irrigation pads. Many branches still have some of this cut material on hand. This is to be worked up and turned into the chapter just as soon as possible. After this is finished all small bolts of gauze are to be worked up into flat dressings and turned in. If a bolt contains more than 60 yards it does not have to be worked up but is to be turned in to your branch. All branches have been called upon for an inventory of the stock on hand as this has to be reported to St. Louis. They may give us an order so that this can be used up in the county or they may order this returned to St. Louis. If this latter course is followed all branches will be given credit for the material that they turn in and this credit can be used against materials required for work that is to follow.

On November 19 the Southwestern Division shipped to this chapter 3,086 pounds of yarn. This should be in Maryville within the next week. The knitters of the county will then have plenty to do. We have an order for 1,200 sweaters and 2,400 pairs of socks

We have an order on hand for 1,200 property bags 12x18, the material has not been shipped from the division for this order to date.

We have an order for 1,000 cambric handkerchiefs 18 inches square. The material has not been shipped for this order.

We have an order for two rag rugs 16 feet by 30 feet. The material is to be donated for this and it is to be partly made by the Juniors and finished by the adults. Small rugs are first to be made 4 feet by 5 feet and 24 of these joined so as to make the larger rug. This work will be handled by the Juniors.

We have an order on hand for 30 infant layettes, 180 convalescent suits, 640 childs dresses.

The total value of all orders on hand to be filled is $8,822.60.

The shipment Saturday to division headquarters consisted of fifteen cases and included: 140 napkins, 40 wash cloths, 3 pillow slips, 16,990 gun wipes, 27 operating masks, 2 capes, 18 baby quilts, 4 operating leggings, 3 pair hose, 9 diapers, 1 convalescent robe, 3 baby capes, 17 bootees, 14 baby jackets, 9 property bags, 15 baby shirts, 1 coat, 1 kimona, 2 hospital bed socks, 1 child's fur, 9 baby dresses, 3 pair pillow slips, 6 comfort kits, 11 pinafores, 8 hospital shirts, 6 hospital bed shirts, 3 chemise, 2 petticoats, 1 child's drawers, 13 aprons, 4 children's capes, 1 pinafore, 1 helpless case shirt, 1 pair drawers, 2 petticoats, 2 pair trench slippers, 1 case of trench slippers consisting of 60 pair, 1 case of 23 large quilts and 18 infant quilts, 10 cases of 100 each, 18x24 paper backed pads, 1 case of 500 triangular bandages, 1 case miscellaneous, 20 paper backed pads, 48 12x24 pads, 3 split irrigation pads, 3 8x12 paper backed pads, 1 12x24 cotton pad, 4 12x24 oakum pads, 7 scultetus, 44 5-yard rolls, 5 3-yard rolls, 900 2x2 wipes, 80 triangulars, 3 many-tailed bandages 340 shot bags.

The shipment of knitted goods consisted of 162 sweaters, 209 helmets, 343 pairs socks, 78 pairs wristlets, 14 scarfs.

Report of Liberty auxiliary, Graham meetings held from November 8 to November 21: 71 No. 5 paper backed pads, 71 many tailed bandages, 80 triangulars. The following officers were elected for the ensuing year: Mrs. Elijah Rowlett, Jr., chairman; Mrs. Ida Gray, secretary; Mrs. Lela Gray, treasurer; Mrs. Russell Rowlett reporter.

On February 10, 1917, nearly six weeks before the United States declared war, national Red Cross headquarters advised its chapters to prepare for war. That which has followed in the record of the Red Cross in helping to win this war and to relieve the suffering growing out of it, constitutes something of which every American citizen has a right to be proud. Every American Red Cross worker must feel a sense of gratitude in having had a share in it all. On November 11, 1918, Germany surrendered. Victory is ours. The Red Cross flag has floated over thousands of battle fields. It proclaimed America's presence in the war long before our fighting forces had arrived. Now the work of bloodshed is ended—and the first flag to fly must be the last flag to be furled. Our soldiers and sailors are enlisted until the Commander-in-Chief tells them there is no more work for them to do in the war. Let every Red Cross worker—and this means both men and women show our returning soldiers and sailors, that to care for their health, welfare and happiness we are enlisted for no less period than they are.

Junior Red Cross.

The date for the Bazaar has been definitely set for December 20-21. All school children are asked to contribute. If you are a Junior, then it is your organization and what it stands for that you are to contribute to. If you are not a Junior, you can at least work for the Red Cross. The proceeds from the Bazaar are to go into the Nodaway county chapter treasury to further the work of the Juniors as the Red Cross calls for it, quilts, rugs, hospital equipment, refugee garments and many other lines of activities are being constantly requested. The twenty-five cent membership fee does not nearly cover necessary expenses. Whenever an auxiliary has used up its fees, it may draw upon the general fund and the Bazaar is for the purpose of replenishing the general fund. The chapter work rooms have been kindly donated for the Bazaar and all work should be sent to Supt. McDonald of the Maryville schools. Work should be labelled with the name of the teacher and school. Maryville has been chosen because it is centrally located for the greater number of the auxiliaries. The articles sold are not intended to be such as will seriously interfere with the holiday trade of the merchants, but will be, however, of such a nature as will make useful and acceptable inexpensive Christmas presents. Christmas cards and post cards, if they are neatly made, will be good work for the art period. Canned goods, jellies and pickles, should find a ready sale; cookies, cakes and bread in limited quantities can be sold; Christmas toys and various novelties, particularly those suitable for children, should be readily disposed of; all work should be done by the children and carefully inspected by the teacher and should be of a high standard of workmanship. Teachers of the county are urgently requested to take up this matter and report progress to the chapter school committee. Nodaway county has no place for slackers.

UNCLE SAM'S SYSTEM

U. S. GOVERNMENT OPERATES BIGGEST BUSINESS IN WORLD

QUARTERMASTER'S JOB

Clothing and Feeding Millions of Men Thousands of Miles From Home A Huge Undertaking.

London, Nov. 22.—Uncle Sam, in undertaking to clothe, feed and supply an army of several million several thousand miles from the United States became probably the biggest business man in the world. This fact, and others, were brought to light at a conference of all the depot quartermasters of France and England which met recently at the call of General Rogers at the headquarters of the Service of Supplies.

This gathering itself was without precedent in the history of the American army. It was compared by General Rogers to a meeting of branch managers such as might be held by a big American automobile manufacturing company in planning its next season's business. The analogy of a "branch managers' convention" was carried through the conference. The vast establishments at the headquarters of the quartermaster corps—designated as the "home plant"—were inspected and explained. The broader workings of the corps throughout Europe were made clear with the aid of charts and diagrams, and each officer got a general idea of the work of the department in its entirety.

One of the most important plans adopted at the conference was the unification of all the quartermaster supply depots in Europe. Heretofore each of these depots, serving as the supply bases for tens, sometimes hundreds, of thousands of soldiers has been conducted largely on a system designed by the commanding officer of each. Changes of officers and personnel frequently resulted in confusion. Hereafter the arrangement of stock and method of procedure in each will be identical.

This system is a copy of that in use by one of the biggest of American retail cigar and tobacco companies. It is the boast of this company, which operates hundreds of stores, that a clerk from any one of these can enter any one of the others and start to work without a word of instruction. It will be the same in the vast American quartermaster depots.

Everything from canned sardines to woolen overcoats will have its particular place, and a quartermaster clerk, once familiar with this system will be able to find any of the thousands of articles in stock without searching and without confusion and will be able to do it, not only in the depot in which he first became acquainted, but in any of the others.

"The Patriot."

Remarkable night photography distinguishes Triangle's production of "The Patriot," starring William S. Hart. This picture will be shown at the Electric theater tonight.

One of the most impressive effects is that of the moon rising majestically over the plains of Mexico, while a sentry passes in silhouette to and fro, and a detachment of American cavalry rides along the International boundary line. To obtain this effect, and guard against artificiality, the Hart company spent an entire night near its cantonment at Calexico, where a majority of the scenes were enacted.

Another unusual scene shows the tents of the soldiers illuminated within. A bugler suddenly appears in relief against the canvas of one, and blowing "Taps," sounds the signal for the extinguishing of the lights. One by one the lights disappear, until only darkness remains, penetrated faintly, however, by the glowing embers of the campfire.

Watch Your Blood Supply, Don't Let Impurities Creep In

Pure Blood Means Perfect Health.

The average druggist has handled hundreds of medicines in his day, some of which have long since been forgotten.

But there is one that has been sold by the druggists throughout this country, for more than fifty years, and that is S. S. S., the reliable blood medicine, that is purely vegetable. Many druggists have seen wonderful results accomplished among their customers by this great old medicine, and they know that S. S. S. is one of the most reliable blood purifiers ever made. Keep your blood free of impurities by the use of this honest old medicine, and if you want medical advice, you can obtain same without cost by writing to Medical Director, Swift Specific Co., 28 Swift Laboratory, Atlanta, Ga.

Thanksgiving Coat Sale

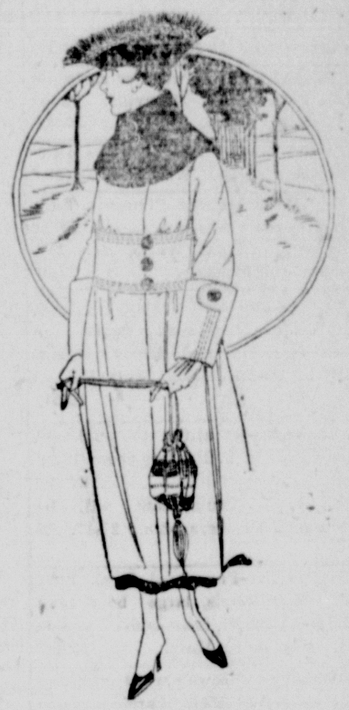
OWING to the backward season--warm weather in October and November--we have a very heavy stock of winter coats on hand. Usually these coat sales are not held until later in the season but in order to reduce the stock quickly we have decided to give you the opportunity to select your winter coat now while you can get a full season's wear from it, at the same low price you would pay at the close of the season.

Every Coat in the entire stock is now offered at a great reduction in price—Sale begins tomorrow. Don't put it off—Come early-

The mirror alone does not determine the price you pay. Of course, you look to the coat you can afford to buy to "become you." But you want more than this—you want it to give you the "well dressed look" throughout the season. That is why we say it can't be told in an ordinary "try-on."

You want—beyond what the mirror shows:
—The RIGHT COLOR that does not fade the second month.
—The DURABLE LINING that helps to hold the shape.
—The QUALITY of FABRIC that tells the same story six months later after storm and stress.
—The CAREFUL TAILORING which comes only from a high-class known manufacturer.
—The ASSURED STYLE approved by fashion for the season—not a mere whim or freak fancy of some carnival designer.

The Coats we have to offer are from the Wooltex, Sunshine and other of the foremost manufacturers. And are guaranteed by both the manufacturer and this store to give satisfaction.



CLOTH COATS

Our entire line of cloth coats in the season's best weaves and colorings, with the latest fashion touches has been divided into five special lots for this Coat Sale:
Lot 1—Special at, each $15.00
Lot 2—Special at, each 19.50
Lot 3—Special at, each 25.00
Lot 4—Special at, each 39.00
Lot 5—Special at, each 49.00

PLUSH COATS

Our assortment of plush coats is very extensive and should attract favorable attention at this particular time. They are all this season's new models in beautiful qualities. These have all been placed in this sale and carry sharp reductions. The Sale prices on these range from—
—$25.00 to $75.00

CHILDREN'S COATS

Two special lots of children's coats have been assembled for quick selling. These are of plush and cloth fabric, various colors, new styles, sizes 8 to 14 years, real bargains at the following prices:
Lot 1—Special at, each ..... $ 7.50
Lot 2—Special at each 13.50

All other children's coats at a special price during this sale. CHRISTMAS SUGGESTION—A nice coat will make a very acceptable Christmas gift.

DON'T FORGET THE REMOVAL SALE OF HOME FURNISHINGS THIS WEEK—To Make Room for the Toys.

NEWS FROM JOHN MUTZ

Sees Foster Robbins, Former Maryville Boy, Who Is in Same Regt.

Mr. and Mrs. Walter Mutz have received the following letter from their son, Sergt. John D. Mutz, in France:

Dear Folks: Your letters of Sept. 3 and 11 received yesterday. Was so glad to get them, they had so much news. If you knew what we were all doing, you would say "no wonder he does not write." We have moved off the front we were on and are on the one that joined us on the left. It has been raining for the last four days and is sure muddy. At present I am on a big tarpaulin, sunning myself. Haven't much to say only I am well and hard at it. Never felt better in my life. The fleas bite some but do not bother much. The excitement here is peace talk and suppose it is the same way at home. I was glad to get Mary's and Irma's letters. It was mighty kind of them to send a line. Wish I had time to write all my friends but I tell you I am on the go most of the time. I might tell you about my present home. I am in a dugout with three of my brother supply sergeants. Our room is about 6 by 8 feet and four feet deep. Two of the four feet are in the ground. The shells go over us both ways. They sing us to sleep and wake us up. We say it is bomb proof, if the bomb does not hit us. It is covered with our shelter tents. At present Ross Scott is in the hospital. Don't know what his trouble is but think it is nothing serious. Saw Foster Robbins the other day. He is in the machine gun corps, 356th regiment.

Your son,
SERGT. JOHN D. MUTZ,

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then — a bad breath — a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 S. Orchade St., Urbana, Ill.

SOME BIG FIGURES

OVER 1-2 MILLION ARTICLES PRODUCED BY R. C. CHAPTER

ANNUAL MEETING TODAY

Officers Are Elected and Heads of Various Departments Are Named. What Nodaway Has Done.

The Nodaway Red Cross, the county's biggest business institution, thru its more than eighty auxiliaries, has made and sent to division headquarters at St. Louis during the year just passed, more than half a million separate articles for war relief and for our soldiers and sailors. Reports of the various officers and heads of departments made at the annual meeting this morning presented some astonishingly large figures of work accomplished. The meeting followed the annual election of eleven members of the executive committee who named the following officers:

G. B. Roseberry, chairman.
C. E. Donlin, vice chairman.
M. J. Alderman, secretary.
A. K. Frank, treasurer.

The new chapter heads made the announcement of selection of heads of the various departments as follows:

Membership, Roy J. Curfman.
Finance, Arch K. Frank.
Extension, G. B. Roseberry.
Publicity, Mrs. A. M. Crooke.
Production, Mrs. Geo. P. Bellows.
Home Service, Geo. Robb Ellison.
Nursing, Mrs. Vilas Martin.
Military Relief, Will Phares.
Conservation, F. S. King.

Following the report of Secretary M. J. Alderman of membership and amount of funds on hands, a most interesting report was given by Mrs. Geo. P. Bellows, director of woman's work, covering the work of the organization from September, 1917. According to her report there has been sent in by the various branches.

Total surgical dressings	480,291
Total garments	54,802
total knitted articles	6,132
Grand total	541,245

In addition six tons of cast off clothing was sent for refugees and a large quantity of linen was sent on special order.

Miss Bettie Turner, executive secretary hoone service, reported that she had dealt with 552 families. Three hundred seventy-seven families were given actual service and 175 families were given advice only. The canvass of the election shows the following were elected to membership on the executive committee:

G. B. Roseberry, Geo. Robb Ellison, M. J. Alderman, T. A. Corken, Burlington Junction; Wilbur Smith, Pickering; Roy J. Curfman, Maryville; Mrs. M. M. Rhoades, Graham; Z. R. Alexander, Elmo; S. G. Gillam, Maryville; Howard Garrett, Clearmont; Paul Sisson, Maryville.

In addition to the eleven men elected on the executive committee it is provided by the by laws that each chairman of each branch is also a member and the ten chairmen of committees named above.

The executive committee is to meet once each month on the second Thursday at 1:30 p. m.

Mr. Miller is critically ill with influenza and his condition was unimproved today.

WATCH GERMAN PROPAGANDA

Don't Be Quick To Believe Huns Have Reformed, Says a Washington University Professor.

St. Louis, Mo., Nov. 25.—A grave warning against the still existing danger from German propaganda has been issued by Prof. Roland G. Usher of the history department of Washington University in a lecture at the University on the problems of the peace conference and the probable terms given Germany.

"Although the kaiser has gone to Holland," said Prof. Usher, "Hindenburg still is in Berlin. We do not hear of the skilled men of the German military bureau having left. The great German machine of government which has been in existence for 300 years, still is operating. You had better be afraid of German propaganda still. Don't be quick to believe Germany has reformed."

That Germany is desirous of impressing two points on the world, just now, was Prof. Usher's contention.

These two points, he said, were, first: That Germany was too exhausted to be dangerous, and that the Allies need not fear them for at least twenty years; second, that Germany was said to be democratized, that militarism had been abandoned, and that Germany was now a "good faith" neighbor.

"If Germany could succeed in getting the Allies to believe these points, it would be to their advantage," he said. "Do not believe that because the people sit in the Reichstag, Germany has reformed. The power of the German government is in the administrative department, rather than the legislative. They are trying to make believe that the strength of Germany is broken. I do not believe it."

8 PER CENT WERE ILLITERATE

Many American Soldiers Were Unable to Comprehend Military Commands.

New Work, Nov. 25.—With almost 8 per cent of the men called to the colors unable to read or write, war has revealed to the public the wide extent of illiteracy in the country. Dr. Charles Eliot, president emeritus of Harvard university told the league for political education here. In addition to illiterates, the former educator said, many soldiers understood English so little that they were unable to comprehend military orders.

Dr. Eliot declared that prominent educators have drafted a plan for presentation to congress which wil stamp out illiteracy in the United States. He stated that a vigorous effort will be made to bring about federal, state, and municipal action to teach not only uneducated native, but the "fluid foreign population" the language of the country and American methods of government.

Dr. Eliot advocated obligatory physical training under federal control in all schools.

Mrs. Hainey Leaves.

Mrs. N. B. Hainey of Shawnee, Okla. who had been spending several weeks with her son, Dr. H. L. Stinson, left this afternoon for Excelsior Springs, and after spending a couple of weeks there and in Kansas City, she will go on to Shawnee.

No Night Service at St. Mary's.

In our church column Saturday it was printed that St. Mary's Catholic church would hold services at 7 p. m. Sunday evening. This was a mistake as there are no evening services at this time of the year.

Attended Committee Meeting.

PARK FOR MEMORIAL

CAPT. H. D. SNYDER OFFERS INTERESTING SUGGESTIONS

"THE HUT" IS POPULAR

Mrs. W. J. Montgomery, Regent D. A. R. Chapter Favors Idea Presented by Maryville Ministers.

In a letter to the Democrat-Forum Capt. Harry D. Snyder of the Home Guards offers the suggestion that Maryville secure and dedicate a public park in honor of Nodaway county's soldier boys and their heroic deeds on the field of battle. Capt. Snyder's interesting suggestions follow:

Nov. 23, 1918.

The Democrat-Forum, Maryville, Mo., Dear Sirs:—In answer to your inquiry as to what I think Maryville should do in honor of her homecoming soldiers and sailors and in memory of those who fail to return, I beg leave to make the following suggestions:

1. We should by all means do something. It should be something permanent and something more than a shaft or statue.

It should be something, if possible, which could be used by the community at large, soldiers of other wars, patriotic and civic societies, etc., as well as returning soldiers and sailors and their families.

Maryville has no park except the Normal park and it is private property. Why not have a park and dedicate it to the boys? Have an appropriate arch or gateway with the name of the park thereon.

Have a tablet just inside with the names of those who have made the supreme sacrifice. Have a flag pole, a cannon, and a shelter house in which could be placed an exhibit of war relics or even other curios.

2. Several names might be appropriate. Professor Hawkins suggests the name "Memorial Park" or "Soldiers and Sailors Memorial Park." Miss Helen Ford suggests the name "Liberty Park."

3. The location would of course depend upon the size of the tract and the amount of money available. Some thing within walking distance would be of course be better, but if a large tract this might be impossible. Several tracts of from 5 to 15 acres rather close it would seem to be available.

4. The fund could be raised by subscription with the assistance of the several patriotic and civic societies, schools, churches, etc. The park could then be dedicated and turned over to the city with the provision for its improvement and upkeep by bond issue or park tax.

Whatever is determined upon for a memorial or a celebration in honor of the boys, you can depend upon the Maryville company of the Missouri Home Guard, to do our part.

Very truly,

H. D. SNYDER.

The idea of "The Hut," as suggested by the ministers of the city, meets approval from Mrs. W. J. Montgomery, regent of the Maryville Chapter, D. A. R., who writes as follows:

Maryville Democrat-Forum: You ask for my ideas concerning a fitting memorial for our soldiers who are returning, triumphant; and also for those soldiers who have "gone west" never to return.

I want to say that I heartily approve of the suggestions given by the ministers of Maryville. Surely there could be no more fitting name for such an institution or building than "The Hut."

As to just how the money should and could be raised would have to be worked out later, but I'm sure that whatever Maryville decides to do that the Maryville Chapter, Daughters of the American Revolution will be a group of enthusiastic workers.

CLOSE UP THE WORK

DRAFT BOARD BUSINESS TO BE FINISHED BY DECEMBER 10

CLASSIFY MEN 19 TO 36

Records Are To Be Sealed and Only on Special Permit Will They Be Accessible.

In view of the armistice, and the consequent temporary abatement of the immediate urgency of complete classification of registrants, the local draft board is ordered to complete the principal work in the offices with a view to closing up work by Dec. 10.

All registrants between the ages of 19 and 36 must be completely classified. The 18-year-old registrants will be classified with the exception of physical examination, which was discontinued several days ago. All of this work is expected to be finished by Nov. 30, at which time the annual report should be finished. After Dec. 9, no classifications will be made, and any registrant, who has failed to return his questionnaire by that time will be classed as a deserter.

On Dec. 10, the chairman of each board is instructed to seal all records in the cases in which they are filed, and they will be treated in the future as public records of the United States government.

Advising that draft records be sealed the order states:

"After the receipt of this order no access shall be given to records on the part of any person whatsoever, not a member of the board or a member of the clerical force specifically authorized thereto by the board, and no information concerning them shall be given out except upon the written instructions of the governor, or of the provost marshal general's office.

"A scrupulous observance of the following rules is essential in order that the local board shall be protected against the importunities of registrants and against serious charges to which any other course would lend color and might give substance. * *

"The proper and just administration of the War Risk Insurance and of future pension laws of the country will, in many cases, depend almost exclusively upon data contained in these records which will likewise have a vital relationship to charges of desertion and delinquency involving the honor of thousands of registrants. In addition to the foregoing, it is from these records that the history of this war must in good part be compiled, and from them who must come information of vast value as to man power in case of any future war. For these reasons it is a matter of the highest patriotic duty on the part of the whole board from which no board member can escape, to see to it that these records are kept absolutely true and intact."

Hunt up Remaining Fleet.

London, Nov. 25.—A flotilla of British mine sweepers left the Firth of Forth this morning for Kiel to open up a passage for one battleship and a squadron of destroyers which will soon be dispatched to the German people to see that the remainder of the German fleet is disarmed and interned according to the terms of the armistice. American, French and Italian admirals will accompany Vice-Admiral Browning who will command the British squadron.

THE BAN OFF TODAY

"FLU" CONDITIONS ARE REPORTED GREATLY IMPROVED

BUSINESS AS USUAL, NOW

Merchants Getting Ready For Biggest Holiday Business.—Picture Shows Open Tonight.

With the lifting of the influenza ban at midnight Saturday night Maryville goes back today to its normal manner of doing business. With everything open but the public schools, which have decided to wait another week, business of all kinds will observe the same hours as formerly. From now on the efforts of the city health department and physicians will be devoted to a strict quarantine on all individual cases of influenza and it is believed it will not be necessary to again make restrictions as regards business houses, schools and churches and other places of gathering. Dr. F. M. Ryan city physician, states that conditions are greatly improved over last week and that but few new cases have been reported.

With but one exception all the churches had good congregations yesterday morning, and few remained away on account of the influenza. At the First M. E. Church, Janitor G. H. Hartman was suddenly attacked with sickness—not influenza—at the opening of Sunday school and no church service was attempted. No night service was held at any of the churches.

Merchants were smiling this morning and began at once to get ready for a big holiday business. The epidemic has been hard on all lines, as with people avoiding crowds, purchases were limited to necessities.

At both St. Patrick's and St. Mary's Catholic schools this morning the attendance was larger than was expected and before the week all classes are expected to be filled as usual.

The Normal will reopen in the morning, many of the students having returned from their homes yesterday and today. President Richardson has not as yet announced what plan, if any, will be followed, in making up the time lost.

TRIED TO BURN SCHOOL HOUSE

A School Boy's Hatred of School Believed to Have Been Responsible For Attempt at Arson.

The dislike of a school boy for books and school houses is believed to have been responsible for an attempt to burn the school at Conception Junction at about 7 o'clock last night, when a blaze discovered at the building was extinguished by John Minteer, a railway fireman who lived nearby. Minteer, who happened to be out in his yard saw a boy about fiftten years of age strike a match and throw it down in some kindling under the steps of the school house and in a few seconds the woodwork was afire. Minteer discovered that oil had been used liberally in an attempt to get quick action and a search was at once started for the culprit and there was excitement for awhile, but the hunt was fruitless. A small amount of damage was done to the school building.

NEW HUN REGIME OUSTED

GERMAN RADICALS HAVE OVERTHROWN REPUBLICAN GOVERNMENT AT BERLIN

ALL IN A TURMOIL

WITH BLOODY FIGHTING IN HUN CAPITAL, SITUATION IS HIGHLY CRITICAL, IS LEARNED

TO EXTEND ARMISTICE

INTERNATIONAL SITUATION WILL RESULT IN DELAY OF INITIAL SESSIONS OF CONFERENCE

JOIN RUSSIAN BOLSHEVIKI?

Washington Fears a Combination of Anarchistic Factions Which Would Make New Peace Program Necessary.

London, Nov. 25.—German radicals, led by Karl Liebnecht, have overthrown the republican government at Berlin headed by Chancellor Ebert, according to advices from Berne and Copenhagen to the Sketch today. Turmoil prevailed in the German capital the dispatches said. The followers of Liebnecht are known as the Spartacus group and are in sympathy with the Russian Bolsheviki. The Spartacus group is in complete control at Dusseldorf, Sologen and Remscheid where they have arrested the city officials and taken charge of the management of affairs. It was stated in a dispatch to the Daily Mail that there had been bloody fighting in Berlin.

The Copenhagen correspondent to the Daily News wires that the central government at Berlin had called many troops to the city and that the downtown buildings are packed with soldiers. The German international situation is highly critical and a military coup d'etat is almost certain unless the returning troops vigorously support the Berlin government, said a Munich dispatch to the Daily News. The Rotterdam correspondent of the Daily News quotes the German war and food department as saying that the food situation is satisfactory. The belief is expressed, adds the correspondent, that General Barth and Germans politicians exaggerated the peril in order to obtain an easy and speedy peace.

Washington, Nov. 25.—Extension of the armistice between Germany and the United States and Entente nations until February 1 will be announced. This action is necessary, inasmuch as it now appears certain that the initital sessions of the peace conference will be delayed. The German international situation today is being watched with increasing concern by officials here. It seems to present all the elements that have brought Russia into its present complete state of an-

To Avoid and Relieve Influenza

By DR. FRANKLIN DUANE.

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save you rstrength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physics as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of Anuric Tablets every four hours, followed by drinking at least a glass or two or hot water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron-tonic tablet called "Ironic" or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations. THOUGHT ALL HOPE WAS GONE SHE SAYS

Mrs. Sandidge Was Told She Could not Recover—Takes Tanlac and Is Now Well and Hearty She Says.

"I gained twenty-one pounds on three bottles of Tanlac and it has done me so much good that I have been well and hearty ever since," said Mrs. O. F. Sandidge, of Adair, Oklahoma.

"Before I started taking Tanlac," she continued, "I had been sick for over a year with a serious stomach trouble and other disorders that were dragging me down every day. I kept getting worse until I had given up and taken to my bed where I lay almost helpless for several months. I was examined by specialists three times, but they could give me no hope and I had begun to fear that I would never recover.

"One day I read of a case like mine that had been relieved by Tanlac and I decided to try it. I had to send forty miles for my first bottle and in a few days after I started taking it I began to eat better, sleep better and feel stronger. I am now entirely over my stomach trouble and those other complaints that worried me so much, I have gained twenty-one pounds and am strong enough to do all my housework and not feel it at all.

Tanlac is sold in Maryville by the Koch Pharmacy and A. M. Colly, Conception Junction. Adv.

Accepting as true the reports that the radicals under Liebnecht have gained control of the government, it was pointed out today that an understanding between the two German control and the Lenine-Trotsky domination at Petrograd, was almost certain. That this would mean very serious complications in efforts to arrange a permanent peace, was the general opinion of officials here. It has been found absolutely impossible to do any business with Russian Bolsheviki and should they be able to combine with the German Reds, the United States and the Allied powers undoubtedly would have to arrange a complete new program.

London, Nov. 25.—The whole control of Germany now is in the hands of the Berlin workmens and soldiers council and a proclamation to that effect has been issued. Latest reports from Germany indicate that the international situation there has reached a critical stage. The proclamation states that the council at Berlin will provisionally govern Germany in order to suppress all counter revolutionary attempts.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or $1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

CANDY AND SOCKS FOR PERSHING

The General's Little Son Has Sent His Daddy's Christmas Present.

Lincoln, Neb., Nov. 25. — Warren Pershing, little son of Gen. John J. Pershing, commander in chief of the American Forces in France, took into consideration the average soldier's penchant for sweets when he sent his father's Christmas presents this season. The general's Christmas box, which has gone forward from the boy's home here in Lincoln to New York for shipment to Europe, contained a layer of chocolates, a layer of candied fruit, a knife, three line handkerchiefs and a pair of silk socks.

Red Cross News From Nodaway Auxiliaries

MRS ARTHUR M. CROOKE
Phone, Hanamo 4364

(Note:—Please report or send all news of Red Cross Activities to the editor of this column)

The last meeting of the trustees of the chapter was held at the headquarters room 117 West Third street, at 10 o'clock this morning. G. B. Roseberry, chairman of the chapter, made a report regarding the work accomplished by the chapter during his term of office. A report was made by the secretary covering his work from March 15, 1918 to November 1, 1918. A report was also made by Mrs. George P. Bellows, director of women's work for the county setting forth the amount of work that has been accomplished by the women of the county during the last year. Miss Betty Turner, executive secretary of the home service section, gave a report covering the dork done by this section of the Red Cross activities.

The votes cast during the last election for executive committeemen were officially counted, the ballots showing that the following men were elected:

G. B. Roseberry, Maryville,
G. R. Ellison, Maryville,
M. J. Alderman, Maryville,
T. A. Corken, Burlington Junction,
Roy J. Curfman, Maryville,
Wilbur Smith, Pickering,
Z. R. Alexander, Elmo,
Mrs. M. M. Rhoades, Graham,
S. G. Gillam, Maryville,
Howard Garrett, Clearmont,
Paul Sisson, Maryville.

A new set of by-laws will have to be adopted and following this will come the election of the new officers for the coming year. This committee will have to also appoint the heads of nine departments.

Orders are being received every few days and we will have enough for the entire organization to do. Do not give up but CARRY ON.

The division office has allotted this chapter just 100 desk calenders. This is a Christmas Red Cross calender and the allotment is so small that we do not feel that we can divide this among our branches. This is a beautiful calender and makes an ideal Christmas gift for a man. There is a profit in it for the branches. It sells for $1. It is handsomely bound in dark blue leatherette with an inlaid Red Cross on a white background. Packed in individual boxes. Any parties or branches wishing one or more of the calenders will please file their order with the chapter and the orders will be filled in the order received.

The division has notified us that they do not have any further need for nut shells. We regret that we were so hampered by the flu that we were not able to make a single shipment on this order. All auxiliaries that have good nuts on hand should sell these and turn their money in to the branch. If you do not have any saleable nuts you will have to burn the shells that you have on hand. We cannot send any more tinfoil in to the division but we understand that there is always a market for this and if the auxiliaries will turn this in to the branches and the branches in turn send this to the chapter we will try and secure a sale for this tinfoil. It will be easier to dispose of a large quantity of this and the chapter will prorate this back to the branches by deducting this for the overhead expenes.

In certain parts of the county unrest is expressed for fear that the work of the Red Cross is at an end. To offset this we are listing herewith the production orders that the chapter now has on hand.

First comes the finishing up of all of the cut surgical dressing material now on hand. This relates to the order that we had for 18x23 paper backed irrigation pads. Many branches still have some of this cut material on hand. This is to be worked up and turned into the chapter just as soon as possible. After this is finished all small bolts of gauze are to be worked up into flat dressings and turned in. If a bolt contains more than 60 yards it does not have to be worked up but is to be turned in to your branch. All branches have been called upon for an inventory of the stock on hand as this has to be reported to St. Louis. They may give us an order so that this can be used up in the county or they may order this returned to St. Louis. If this latter course is followed all branches will be given credit for the material that they turn in and this credit can be used against materials required for work that is to follow.

On November 19 the Southwestern Division shipped to this chapter 3,086 pounds of yarn. This should be in Maryville within the next week. The knitters of the county will then have plenty to do. We have an order for 1,200 sweaters and 2,400 pairs of socks

We have an order on hand for 1,200 property bags 12x18, the material has not been shipped from the division for this order to date.

We have an order for 1,000 cambric handkerchiefs 18 inches square. The material has not been shipped for this order.

We have an order for two rag rugs 16 feet by 30 feet. The material is to be donated for this and it is to be partly made by the Juniors and finished by the adults. Small rugs are first to be made 4 feet by 5 feet and 24 of these joined so as to make the larger rug. This work will be handled by the Juniors.

We have an order on hand for 30 infant layettes, 180 convalescent suits, 640 childs dresses.

The total value of all orders on hand to be filled is $8,822.60.

The shipment Saturday to division headquarters consisted of fifteen cases and included: 140 napkins, 40 wash cloths, 3 pillow slips, 16,990 gun wipes, 27 operating masks, 2 capes, 18 baby quilts, 4 operating leggings, 3 pair hose, 9 diapers, 1 convalescent robe, 3 baby capes, 17 bootees, 14 baby jackets, 9 property bags, 15 baby shirts, 1 coat, 1 kimona, 2 hospital bed socks, 1 child's fur, 9 baby dresses, 3 pair pillow slips, 6 comfort kits, 11 pinafores, 8 hospital shirts, 6 hospital bed shirts, 3 chemise, 2 petticoats, 1 child's drawers, 13 aprons, 4 children's capes, 1 pinafore, 1 helpless case shirt, 1 pair drawers, 2 petticoats, 2 pair trench slippers, 1 case of trench slippers consisting of 60 pair, 1 case of 23 large quilts and 18 infant quilts, 10 cases of 100 each, 18x24 paper backed pads, 1 case of 500 triangular bandages, 1 case miscellaneous, 20 paper backed pads, 48 12x24 pads, 3 split irrigation pads, 3 8x12 paper backed pads, 1 12x24 cotton pad, 4 12x24 oakum pads, 7 scultetus, 44 5-yard rolls, 5 3-yard rolls, 900 2x2 wipes, 80 triangulars, 3 many-tailed bandages 340 shot bags.

The shipment of knitted goods consisted of 162 sweaters, 209 helmets, 343 pairs socks, 78 pairs wristlets, 14 scarfs.

Report of Liberty auxiliary, Graham meetings held from November 8 to November 21: 71 No. 5 paper backed pads, 71 many tailed bandages, 80 triangulars. The following officers were elected for the ensuing year: Mrs. Elijah Rowlett, Jr., chairman; Mrs. Ida Gray, secretary; Mrs. Lela Gray, treasurer; Mrs. Russell Rowlett reporter.

On February 10, 1917, nearly six weeks before the United States declared war, national Red Cross headquarters advised its chapters to prepare for war. That which has followed in the record of the Red Cross in helping to win this war and to relieve the suffering growing out of it, constitutes something of which every American citizen has a right to be proud. Every American Red Cross worker must feel a sense of gratitude in having had a share in it all. On November 11, 1918, Germany surrendered. Victory is ours. The Red Cross flag has floated over thousands of battle fields. It proclaimed America's presence in the war long before our fighting forces had arrived. Now the work of bloodshed is ended—and the first flag to fly must be the last flag to be furled. Our soldiers and sailors are enlisted until the Commander-in-Chief tells them there is no more work for them to do in the war. Let every Red Cross worker—and this means both men and women show our returning soldiers and sailors, that to care for their health, welfare and happiness we are enlisted for no less period than they are.

Junior Red Cross.

The date for the Bazaar has been definitely set for December 20-21. All school children are asked to contribute. If you are a Junior, then it is your organization and what it stands for that you are to contribute to. If you are not a Junior, you can at least work for the Red Cross. The proceeds from the Bazaar are to go into the Nodaway county chapter treasury to further the work of the Juniors as the Red Cross calls for it, quilts, rugs, hospital equipment, refugee garments and many other lines of activities are being constantly requested. The twenty-five cent membership fee does not nearly cover necessary expenses. Whenever an auxiliary has used up its fees, it may draw upon the general fund and the Bazaar is for the purpose of replenishing the general fund. The chapter work rooms have been kindly donated for the Bazaar and all work should be sent to Supt. McDonald of the Maryville schools. Work should be labelled with the name of the teacher and school. Maryville has been chosen because it is centrally located for the greater number of the auxiliaries. The articles sold are not intended to be such as will seriously interfere with the holiday trade of the merchants, but will be, however, of such a nature as will make useful and acceptable inexpensive Christmas presents. Christmas cards and post cards, if they are neatly made, will be good work for the art period. Canned goods, jellies and pickles, should find a ready sale; cookies, cakes and bread in limited quantities can be sold; Christmas toys and various novelties, particularly those suitable for children, should be readily disposed of; all work should be done by the children and carefully inspected by the teacher and should be of a high standard of workmanship. Teachers of the county are urgently requested to take up this matter and report progress to the chapter school committee. Nodaway county has no place for slackers.

UNCLE SAM'S SYSTEM

U. S. GOVERNMENT OPERATES BIGGEST BUSINESS IN WORLD

QUARTERMASTER'S JOB

Clothing and Feeding Millions of Men Thousands of Miles From Home A Huge Undertaking.

London, Nov. 22.—Uncle Sam, in undertaking to clothe, feed and supply an army of several million several thousand miles from the United States became probably the biggest business man in the world. This fact, and others, were brought to light at a conference of all the depot quartermasters of France and England which met recently at the call of General Rogers at the headquarters of the Service of Supplies.

This gathering itself was without precedent in the history of the American army. It was compared by General Rogers to a meeting of branch managers such as might be held by a big American automobile manufacturing company in planning its next season's business. The analogy of a "branch managers' convention" was carried through the conference. The vast establishments at the headquarters of the quartermaster corps—designated as the "home plant"—were inspected and explained. The broader workings of the corps throughout Europe were made clear with the aid of charts and diagrams, and each officer got a general idea of the work of the department in its entirety.

One of the most important plans adopted at the conference was the unification of all the quartermaster supply depots in Europe. Heretofore each of these depots, serving as the supply bases for tens, sometimes hundreds, of thousands of soldiers has been conducted largely on a system designed by the commanding officer of each. Changes of officers and personnel frequently resulted in confusion. Hereafter the arrangement of stock and method of procedure in each will be identical.

This system is a copy of that in use by one of the biggest of American retail cigar and tobacco companies. It is the boast of this company, which operates hundreds of stores, that a clerk from any one of these can enter any one of the others and start to work without a word of instruction. It will be the same in the vast American quartermaster depots.

Everything from canned sardines to woolen overcoats will have its particular place, and a quartermaster clerk, once familiar with this system will be able to find any of the thousands of articles in stock without searching and without confusion and will be able to do it, not only in the depot in which he first became acquainted, but in any of the others.

"The Patriot."

Remarkable night photography distinguishes Triangle's production of "The Patriot," starring William S. Hart. This picture will be shown at the Electric theater tonight.

One of the most impressive effects is that of the moon rising majestically over the plains of Mexico, while a sentry passes in silhouette to and fro, and a detachment of American cavalry rides along the International boundary line. To obtain this effect, and guard against artificiality, the Hart company spent an entire night near its cantonment at Calexico, where a majority of the scenes were enacted.

Another unusual scene shows the tents of the soldiers illuminated within. A bugler suddenly appears in relief against the canvas of one, and blowing "Taps," sounds the signal for the extinguishing of the lights. One by one the lights disappear, until only darkness remains, penetrated faintly, however, by the glowing embers of the campfire.

This being an extremely unusual Thanksgiving in our country as well as the whole world, to give the day reverence, we have decided to close our places of business all day Thanksgiving.

Watch Your Blood Supply, Don't Let Impurities Creep In

Pure Blood Means Perfect Health.

The average druggist has handled hundreds of medicines in his day, some of which have long since been forgotten.

But there is one that has been sold by the druggists throughout this country, for more than fifty years, and that is S. S. S., the reliable blood medicine, that is purely vegetable. Many druggists have seen wonderful results accomplished among their customers by this great old medicine, and they know that S. S. S. is one of the most reliable blood purifiers ever made. Keep your blood free of impurities by the use of this honest old medicine, and if you want medical advice, you can obtain same without cost by writing to Medical Director, Swift Specific Co., 28 Swift Laboratory, Atlanta, Ga.

Thanksgiving Coat Sale

OWING to the backward season--warm weather in October and November--we have a very heavy stock of winter coats on hand. Usually these coat sales are not held until later in the season but in order to reduce the stock quickly we have decided to give you the opportunity to select your winter coat now while you can get a full season's wear from it, at the same low price you would pay at the close of the season.

Every Coat in the entire stock is now offered at a great reduction in price—Sale begins tomorrow. Don't put it off—Come early-

The mirror alone does not determine the price you pay. Of course, you look to the coat you can afford to buy to "become you." But you want more than this—you want it to give you the "well dressed look" throughout the season. That is why we say it can't be told in an ordinary "try-on."

—The RIGHT COLOR that does not fade the second month.
—The DURABLE LINING that helps to hold the shape.
—The QUALITY of FABRIC that tells the same story six months later after storm and stress.
—The CAREFUL TAILORING which comes only from a high-class known manufacturer.
—The ASSURED STYLE approved by fashion for the season—not a mere whim or freak fancy of some carnival designer.

The Coats we have to offer are from the Wooltex, Sunshine and other of the foremost manufacturers. And are guaranteed by both the manufacturer and this store to give satisfaction.

NEWS FROM JOHN MUTZ

Sees Foster Robbins, Former Maryville Boy, Who Is in Same Regt.

Mr. and Mrs. Walter Mutz have received the following letter from their son, Sergt. John D. Mutz, in France:

Dear Folks: Your letters of Sept. 3 and 11 received yesterday. Was so glad to get them, they had so much news. If you knew what we were all doing, you would say "no wonder he does not write." We have moved off the front we were on and are on the one that joined us on the left. It has been raining for the last four days and is sure muddy. At present I am on a big tarpaulin, sunning myself. Haven't much to say only I am well and hard at it. Never felt better in my life. The fleas bite some but do not bother much. The excitement here is peace talk and suppose it is the same way at home. I was glad to get Mary's and Irma's letters. It was mighty kind of them to send a line. Wish I had time to write all my friends but I tell you I am on the go most of the time. I might tell you about my present home. I am in a dugout with three of my brother supply sergeants. Our room is about 6 by 8 feet and four feet deep. Two of the four feet are in the ground. The shells go over us both ways. They sing us to sleep and wake us up. We say it is bomb proof, if the bomb does not hit us. It is covered with our shelter tents. At present Ross Scott is in the hospital. Don't know what his trouble is but think it is nothing serious. Saw Foster Robbins the other day. He is in the machine gun corps, 356th regiment.

Your son,
SERGT. JOHN D. MUTZ,

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then — a bad breath — a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 S. Orchade St., Urbana, Ill.
